DETAILED ACTION

Allowable Subject Matter

1. Claims 15-50 allowed.
2. The following is an examiner's statement of reasons for allowance: there are several embodiments that suggest reasons for allowance over the prior art. The first being that Pollack et al., U.S. Patent 4,956,307 fails to teach forming a sidewall on the nitride film as recited in claim 27 of the present application. Another is that the prior art does not anticipate nor render obviousness as to oxidizing the upper side portion of a semiconductor layer using a nitride film as a mask as recited in claim 33 of the present Application. Another is that the prior art does not anticipate nor render obviousness the further limitation of forming a side wall insulating film being in contact with the side surface of the semiconductor film and forming a polycrystalline silicon layer in a cavity at the lower portion of the semiconductor layer as recited in claim 34.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Information Disclosure Statement

4. The information disclosure statement filed October 10, 2003 has been considered by the examiner.
